

ALTAMA®

MARITIME ASSAULT LOW

/ 335000 MULTICAM®

- Maritime Assault Boot for all tactical water operations
- Fin friendly fit; the Maritime Assault boot fits just about all dive fins used by Militaries worldwide
- High abrasion quick drying 1000D Cordura quarter panels offered in both solid colors and Multicam®
- Air mesh linings help wick away sweat and other moisture quickly from your foot
- Non-shine rust-proof lace hardware will not break on the battle field
- Low profile laces will not cause pain from fin wear on long swims
- Full length one piece ABS shank provides stability and support when climbing a caving ladder
- Ultron® PU contoured insole will not absorb water
- Front non-metallic drain ports allow for water to drain easily when flexing the boot
- SEAL Rubber sticky outsoles. The rubber compound was originally developed for rock climbing shoes and modified for wet tactical operations. SEAL Rubber is one of the stickiest, high traction rubbers on the market today.

13 oz. (380 g)
